APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the  
following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the  
amount of water herein granted is only a temporary allowance and that the final water  
right obtained under this permit will be dependent upon the amount of water actually  
placed to beneficial use. It is also understood that this right must allow for a  
reasonable lowering of the static water level. This well shall be equipped with a  
two (2) inch opening for measuring depth to water. If the well is flowing, a valve  
must be installed and maintained to prevent waste. A totalizing meter must be  
installed and maintained in the discharge pipeline near the point of diversion and  
accurate measurements must be kept of water placed to beneficial use. The totalizing  
meter must be installed before any use of water begins, or before the Proof of  
Completion of Work is filed. This source is located within an area designated by the  
State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the  
use of the water herein granted at any and all times.

The total combined amount of water granted under this permit and Permit 23832  
is limited to what the well covered under the two permits is capable of producing.  
If certificates of appropriation are issued under this permit and Permit 23832, the  
total combined amount of appropriation granted in said certificates shall not exceed  
what the well covered under the two permits is capable of producing.

The total combined amount of water granted under this Permit and Permits 36633,  
23832, and 23833 shall not exceed 129.205 million gallons annually.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and  
not to exceed 1.5 cubic feet per second, but not to exceed 123.0  
million gallons annually.

Actual construction work shall begin on or before June 23, 1979

Proof of commencement of work shall be filed before July 23, 1979

Work must be prosecuted with reasonable diligence and be completed on or before June 23, 1979

Proof of completion of work shall be filed before July 23, 1979

Application of water to beneficial use shall be made on or before June 23, 1982

Proof of the application of water to beneficial use shall be filed on or before July 23, 1982

Map in support of proof of beneficial use shall be filed on or before July 23, 1982
